

Magellan's ICORE Healthcare to Host 9th Annual Oncology Summit

NEW YORK--(BUSINESS WIRE)-- Magellan Health Services Inc. (NASDAQ: MGLN) announced today that ICORE Healthcare, a division of Magellan Pharmacy Solutions, will host its 9th Annual Oncology Summit on September 13 and 14 in New York City. Every year, the conference brings together the leading authorities on oncology care, benefits management, pharmaceuticals, and research to discuss the latest developments and strategies for managing oncology care.

Due to the popularity of past summits, this year's conference has been expanded into a second day of presentations, which will focus on additional areas within specialty pharmacy.

Key topics for discussion include:

- Trends and issues impacting oncology payers
- Health care reform
- Oncology drug development, pricing and management
- Comparative effectiveness
- Genetic testing
- Regulatory issues and legislation
- Specialty pharmacy case studies in multiple sclerosis and rheumatoid arthritis

"Oncology management and specialty pharmaceuticals are some of the most rapidly advancing areas in health care, and it's critical that we understand how these developments impact patients, providers, payers, pharmaceutical companies and the industry at-large," said Kjel Johnson, Pharm. D., senior vice president of business development at ICORE. "For nine years, this summit has been and continues to be a forum to discuss our biggest challenges and the most important issues in oncology care with leaders representing nearly every facet of the industry."

Attending the Summit

The Oncology Summit is open to representatives from health plans, oncology practices, specialty pharmacies and pharmaceutical manufacturers. Those interested in attending can find registration information at www.ICOREHealthcare.com/Summit.aspx. Media inquiries should be directed to Chris Pearsall at CMPearsall@MagellanHealth.com.
